

<b>Course Title:</b> IT Asset Management (ITAM) Foundation Online (180 Days)	
<b>Exam:</b> Included	<b>Exam Type:</b> Proctored Exam
<b>Qualification:</b> ITAMOrg IT Asset Management (ITAM) Foundation Certificate	

## Course Syllabus

Our IT Asset Management (ITAM) Foundation Online (180 Days) training course will cover four key areas of IT Asset Management and their interaction in relation to contract management, compliance, information security, cost control and IT business value:

- Hardware Asset Management (Including Mobile devices)
- Software Asset Management
- Services & Cloud Asset Management
- People & Information Asset Management (Including Bring Your Own Device)

## Course Overview

Our IT Asset Management (ITAM) Foundation Online (180 Days) training course will expand on the workflow and define the key roles within the ITAM disciplines across financial, contractual, inventory departments as well as highlighting the cultural change that could ensue for end-users in an IT environment.

If you would like immediate access, then please purchase the [IT Asset Management \(ITAM\) Foundation Online \(180 Days\)](#) on the [Purple Griffon E-Learning Portal](#).

## Course Learning Outcomes

IT Asset Management (ITAM) forms an important element in a business strategy enabling cost control, risk reduction and improved business value in the IT asset lifecycle, including all aspects of hardware and software used in an organisation.

## Audience

Our IT Asset Management (ITAM) Foundation Online (180 Days) training course is intended for all key personnel in the organisation involved in the IT lifecycle. Whilst this certification has an IT focus, it has been specifically designed for non-IT personnel in mind. Specific roles/responsibilities could include (but are not limited to):

- Overall Management
- IT Manager
- Procurement Manager
- Financial Manager
- IT Operations Manager
- Project Manager
- Process Manager
- Contract Manager

- Risk Manager
- Business Continuity Manager
- Security Manager

## Additional Information

A successful IT Asset Management program involves several departments within your organisation such as Budget Managers, IT Service Departments and Finance.

Our IT Asset Management (ITAM) Foundation Online (180 Days) training course is designed for all key personnel in these functions and should be taken by several employees from these areas to enable a coherent focus throughout your enterprise.
